1 Accounting policies

BASIS OF PREPARATION

The accounts have been prepared under the historical cost basis and on a basis which enables the profits to be calculated in accordance with Irish Generally Accepted Accounting Practice.

TURNOVER

The turnover shown in the profit and loss account represents amounts invoiced during the year, exclusive of Value Added Tax.

TANGIBLE ASSETS

Tangible assets are measured at cost less accumulated depreciation. Depreciation is calculated so as to write off the cost of an asset, less its estimated residual value, over the useful economic life of that asset as follows:

Plant and machinery	25% straight line
Fixtures and fittings	25% straight line
Office equipment	25% straight line
Motor vehicles	25% straight line

STOCKS

Stocks are stated at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items. Cost includes all costs incurred in the normal course of business in bringing the product or service to its present location and condition.
